

Sunday, November 12th Long Range Pistol Match Results:

Course of Fire: A 30 shot (possible to fire 50 shots, given the format of the “walk back stage”) match fired from the bench (pistol may not touch the bench) at an SR target (10 shots) and at steel knock down targets (10 shots with 10 points for each knock down) at 100 yards, followed by a new 10-shot “walk back” stage fired offhand, with a 2-hand hold, beginning at 30 yards. Walk-back stage is single elimination in which a miss will result in an opportunity to shoot offhand with a one-hand hold and a miss after firing from the one-hand hold will result in an opportunity to shoot with the weak hand in a one-hand old. A failure to knock down the target with any of the 3 opportunities will eliminate the shooter from firing more shots.

Special thanks to Bob Shalala for providing the knock down targets.

Congratulations to the winner, David Prest (and his 44 Magnum)!
